

# SOCIAL RESPONSIBILITY

**Dear Parents, Hari Om!**

New Horizon is happy to inform you that we have adopted 100+ tribal villages in Bandipur and Kabini forest. We hope to give them a better life and improve their living conditions. Every human, be it an adult or a child, deserves to live their life with basic essentials and facilities and this is what we hope to give them. We could use all the help we can get from you. Please donate your clothes, shoes, play equipment's and anything else you think could make a difference in their lives!

Please ensure the items you donate are washed and in good condition.

The donations can be dropped off at any New Horizon reception!

Regards

NHVM Office

Thank you.
